Tomu Named in American Inno's 40 Startups to Watch in the US

American Inno has unveiled its inaugural Startups to Watch – a list of 40 innovative startups in the U.S.

WASHINGTON, DC & FREDERICK, MD – Tomu, Inc. was named in American Inno's recent list of Startups to Watch in 2022. Tomu is joined by 40 other companies across the United States in various sectors.

Tomu is bringing innovations in modular and prefabricated construction to the hospitality through their line of modular lodging units aimed at property investors and hospitality developers.

American Inno's article can be viewed at:

The Tomu building system includes a turnkey line of "Villas" consisting of a Studio, 1-Bedroom and 2-Bedroom floor plans and additional customizable options for larger scale developments with bespoke brand requirements. Units are shipped 95% complete to the developer's chosen site, with only minimal on-site assembly and finish work required.

"We are very excited and honored to be listed with the other thirty-nine companies across the country in American Inno's Startups to Watch this year," said Chris Osaka, the Chief Executive Officer of Tomu. "We hope we can leverage our location in Washington near the major hospitality brands to promote the benefits of modular construction in creating a more sustainable future for hospitality development."

Individual Tomu Villa pre-orders are currently available on tomuhaus.com, with a portal for multi-unit sales at tomuhaus.com/commercial.

About TOMU

TOMU, INC was founded in 2020 with simple mission – to create inspiring spaces using design and building innovation to support the future of sustainable travel and living. We build pre-fabricated lodging units designed around emerging preferences in traveler accommodations for the hospitality industry.
